

Navy-Northrop Grumman Bethpage

Pre-meeting conference call with NYSDEC

October 19, 2015

1, Saladino's Bill - Chapter 543 of ,,,

DEC received draft report from DEC's consultant, HDR. 50+ pages. 3 options. More than \$250M for each option (\$268 M to \$580M). The 3 options discuss the Southern State as .. containm6 ent. Everything greater than 5 ppb to be contained. Not significant impact on gw elevation, according to HDR. 19.2 MG of a lost resource. Dumping water to Massapequa Creek. How to get Navy to pay. DEC to share rept w water districts. DEC will present document to legislature. No comment period. No response to comments reqd. Comments to HDR within next mnth, by mid-November. Sometime in Winter to legislature. HDR will be at meeting w Saladino later this week. Friday is meeting w Saladino

2. Effectiveness of ONCT: Navy is sinking add'l wells. They want to make sure that nothing is coming from the west.

water district. Most water to go into GM-... recghare basin. Every 12 min, they take a water sample.

4. NG did 2 (ONCT, revised O&m), citizen participation plan. Navy/NG coordination w hotspot plqn.

5. BPWD 6-2: For discussion if it needs to be done.

6. BPWD wells 4,5,6 –

7. radium 226 and 228 sampling – most wells (BWD and ,Plainview have not given permission yet.) no wells sampled yet. Not allowed to sample for dioxin or vocs under this plan.

8, Outreach issues. OU-3. DEC met with homeowners last week. There are 17 affected residences. Public info vs privacy.

9. Class Action guy – not enough people to file class action lawsuit

10. Site 4 ROD – Navy already signed it. It is a Navy ROD. Run of the mill petroleum spill.

End of last week, DEC rec'd workplans for PCBs and metals.

Sagos? Basil – New deputy commissioner
